## STATE TESTING LANE HERE NEXT WEEK

### Will Test All Cars At No Cost

Mayor Flentie and Village Bd.  
Cooperate With Farm Bureau  
in Safety Lane.

Mayor Julius D. Flentie and the Village Board of Arlington Heights are lending their co-operation and support to the Cook County Farm Bureau and Illinois Agricultural Association in establishing a Safety Lane in Arlington Heights, next Monday and Tuesday, August 16 and 17. The Safety Lane will be in operation on Miner street east of Dunton, on the southside of the Arlington Heights State Bank building, now the new Farm Bureau building.

This Safety Lane Project is being carried on in various counties in the state under the general direction of the Safety Department of the Illinois Agricultural Association. The larger cities throughout the country, in many cases, are making compulsory the testing of our automobiles to bring about greater safety on the highways.

It has seemed to the leadership in carrying out this project that in a community of the nature of Arlington Heights that is hardly more than an overgrown village, where the shudder and shiver penetrates all of us when injury occurs to anyone within our limits, compulsion should be unnecessary. It is believed that our citizenry is of such a type that a high proportion will welcome the opportunity to so protect their neighbor and themselves against loss of life, limb or property that they will take advantage of the test and the counsel in the way of improvement of their piece of machinery—their piece of property which is this moment a piece of property and a conveyance to be proud of but may the next minute be a dangerous weapon.

The Farm Bureau wants to emphasize that there is no charge, but instead you and your neighbor are urged to take advantage of this test, determine the faulty portion of your car, if any, that may lessen yours and others safety in its operation and that you may then call at any garage in Arlington Heights or elsewhere and have such faults corrected.

Word comes to us that this project in many of the downstate counties and county seats has been very well received and is highly recommended. It is available to townsfolk and all of the farm people alike. True, it is sponsored by the Farm Bureau, but we are all interested in seeing all of the cars made as safe on the road as possible and therefore the non-member of the Farm Bureau as well as the cars in the Village are welcomed and urged to take advantage of this opportunity.

Mayor Flentie and the Village Council through its chairman of the Police committee, George Schneberger, are co-operating in every way possible. Village and State Police are also co-operating to make this project a success.

The Safety Lane will be in operation from 9 o'clock in the morning until dark Monday and from 9 o'clock until 6 o'clock in the evening on Tuesday.

Come one and come all and show your spirit of safety. A sticker showing your car OK will be something to be proud of.

### Police Order No Gambling At Carnival

The Palatine fire department will have the opportunity of learning how much the omission of gambling devices will effect the profits of a carnival. The Palatine village officials have issued a decree that there shall be no gambling devices in operation in Palatine—in local business places or in carnivals.

This order was issued by Chief Schmidt after the recent receipt of a letter from Sheriff Toman calling upon village officials to enforce the anti gambling law. Slot machines have never been countenanced in Palatine, but pin ball machines were ordered out and the only semblance of a wheel or other chance device remaining today is a cardboard spinwheel costing one cent a spin for the play of little children.

The Palatine Legion held its carnival prior to the drive against gambling, but Trustee Schmidt has made it plain that the Legion next year will be treated no different than will be the firemen.

The order was rather a shock to the firemen at first, but like good sports, they have accepted the decree and will do their best to attract, through legitimate channels, the dimes and quarters from the general public.

### Arlington Heights Man Injured In Train Wreck At Terminal

F. L. Rogers, 1432 No. Dunton, Arlington Heights, was the only person injured Wednesday morning in a small wreck at the Chicago terminal of the North Western. He was treated by the railroad dispensary for bruises and scratches on hands and arms. The train left Arlington Heights at 8:04 and was due in Chicago at 7:36.

Two coaches of the seven car train left the track near Lake street. The engine and three cars continued to the station. Thousands of commuters were delayed.

A statement from B. E. Terpin, general superintendent of the railroad, laid the derailment to the failure of an electric lock as the train was making a crossing from track 4 to track 8.

According to railroad officials, the trucks of the fourth car of the train left the tracks and jolted along the ties. The fifth car remained on the rails, but the sixth left the track and leaned far over on its side. The seventh car was not derailed.

### Property Insurance Is Next

New Insurance Method To  
Be Offered To Owners  
of Property.

As a part of the new social security movement, the organization of an insurance company has been authorized, the purpose of which will be the adoption of the insurance method for purchase of new equipment and replacement of buildings. In big corporations and under favorable conditions, many private firms set an amount aside each year in a depreciation account. Many times the amount set aside is not kept intact. Under the insurance method, if the annual premiums are paid, the money is there for replacement and also for needed improvements to modernize buildings and equipment.

A. F. Wild, attorney, who is more or less known in Arlington Heights in an article in this week's issue, has explained the new method of property insurance. It will be found upon page six.

### Arlington Tailor Dies Suddenly

Adolph Theobalt, who recently opened a tailor shop on West Campbell street, Arlington Heights, died some time early Saturday morning at his home, 230 S. Vail. Employed by Adolph Koehler until recently, he started in business for himself and with Mrs. Theobalt was looking forward to many happy years of successful business.

Mr. and Mrs. Theobalt had spent Friday evening with friends and upon retiring complained of pains in his chest. He retired and it was not until morning when Mrs. Theobalt went to call him, that his death was discovered.

Adolph Theobalt was born March 19, 1882 in Kaiserlautern, Germany. Upon Oct. 12, 1906 he married Miss Helena Schlang. To this union two children, Emma and Martha, were born. He came to this country and settled in Chicago in 1924 and has resided a short time in Arlington Heights.

Deceased is survived by his wife and two daughters, Mrs. Emma Backer living in Germany and Mrs. Martha Stark of Arlington Heights; also two sisters in Germany.

The funeral was held Tuesday, 2 p. m., at the Lauterburg & Oehler chapel; interment in Ridgewood cemetery. Rev. H. A. Kossack officiated.

### Relief Labor Is Brightening Up Dist. 25 Buildings

While Uncle Sam is curtailing relief labor to a considerable extent, Supervisor Chas. F. Grandt of Wheeling township, is making good use of the township relief tax by assigning available men to local jobs wherever it is possible.

Among those assigned are two experienced painters who are brightening up the interior of the Arlington Heights public schools, and will repaint all of the playground equipment in aluminum and green color.

The board of education is not spending any more money than absolutely necessary upon the two old north side buildings, but there will be many changes in the southside building. Included will be a fifth class room. The former assembly hall will be partitioned off for an additional room, bids for which will be opened next week.

### 320 Acres Annexed To Dist. 25

Wheeling and Elk Grove Twp.  
School Trustees Vote Un-  
animously For Change.

As the result of a petition presented to the township trustees of Elk Grove and Wheeling township recently, the two bodies held a joint meeting Tuesday night at the northside school, Arlington Heights and voted unanimously to disconnect from school district 56, Elk Grove township and connect with school district 25, Wheeling township 320 acres of subdivided land adjoining the village of Arlington Heights and part of which is within the incorporated limits of that village.

The official description of the property that is annexed by district 25, is the NE 1/4 of section nine and the NW 1/4 of section ten. Included with this is a small tract of land, called sections three and four which is 200 feet wide at its western point and comes to a point upon the east, which came into being by the straightening of section lines years ago.

The petition for the change was signed by fifty property owners who were influenced by the proximity of the Arlington Heights southside school and the necessity of the children walking a long distance along a state paved road to reach district 56 school.

Originally the petition included the Moehling farm, but as this tract is not subdivided and the owner objected to the change that tract was not included in the amended petition that was granted Tuesday night.

The change is not only of benefit to the residents of the district, but is also indirectly beneficial to district 56, which school district would sooner or later be faced with the necessity of erecting a larger building and the hiring of an additional teacher to take care of the future growth of the subdivision. At present there are only eight children of school age, but there will be fourteen the coming year.

District 25 is adding an additional teacher and room at the southside school regardless of the annexation.

The trustees acting upon the matter are: Wheeling—John Schoenbeck, Edw. G. Nichol, Frank Welflin; Elk Grove—Herman M. Beer, Geo. Scharringhausen and Arthur Busse. The tax rate for district 56 is about \$1, while the district 25 rate is \$2.00.

### Lightning Destroys House at Hillside

The residence of Harry P. Clark, corner of Arlington Heights and Palatine roads was practically destroyed by fire Wednesday evening, following a bolt of lightning. The family were home at the time, but the blowing of electric fuse prevented use of water from the house water system and by the time the Arlington Heights department arrived the rear part of the residence was ablaze. After using water in the fire truck rescue was had to an adjoining well, but the water supply was insufficient.

In the meantime, the Palatine rural fire department arrived upon the scene and after using its 500 gallons reserve supply, connected with a garden hose in an attempt to save part of the building.

All of the household goods from the first floor were removed, but the heavy rain at the time did a lot of damage to goods taken out of doors.

The Clarks built the house three years ago and erected a brick addition recently.

### "Out They Go" Is Slogan At Bootery This Week

The Arlington Bootery is sacrificing their entire stock of white footwear for women, children and men this week in a final summer clearance sale. The shelves must be cleared for new fall stock. All regular prices are ignored in this sale and buyers will enjoy big savings on every pair.

### Summer Clearance of Dresses at Emerald Shop

In a final close-out of summer merchandise this week the Emerald Shop is featuring a special dress event with prices reduced to cost and less. Sale starts Friday.

### Big Night For Sr. Walthers Leaguers

Big "Hobo Kuvenshun" by the Senior Walthers League next Monday night, August 16. Leaguers are also reminded of the scheduled boat trip to St. Joseph, Michigan, August 29.

### A PROCLAMATION

WHEREAS, The appalling loss of life, personal injuries, and loss of property resulting from accidents in the use of our streets and highways by automobiles make it necessary and desirable for all users of motor driven vehicles as well as pedestrians to set apart a period for the giving of special attention and the using of greater care, respecting speed limits, stop signs and all traffic laws and regulations.

AND WHEREAS, The Village of Arlington Heights in cooperation with the Cook County Farm Bureau and Illinois Agricultural Association have designated Monday and Tuesday, August 16 and 17, as two days in which to conduct a Safety Lane for the aid of automobile owners and drivers in Arlington Heights and the farming community,

NOW, THEREFORE, I, Julius D. Flentie as Mayor of the Village of Arlington Heights, do hereby proclaim the two days of August 16 and 17, as Safety Period and call upon and urge all drivers of automobiles owned or operated in Arlington Heights and this farming community to use greater care in the operation of their cars and to continue such care habitually through the year and years to follow.

Signed this Eleventh Day of August, 1937.

J. D. FLENTIE, Mayor.

### Three Escape Fire When Mother Is Away

The living quarters of Mrs. Phillips at Jockey Inn, Northwest highway, Arlington Heights were burned out Monday morning, but the local fire department saved the building. Mrs. Phillips had gone down town, leaving her children at home. Suddenly the children ran screaming out of the rear of the building and Richard Glueckert hearing the screams sounded the alarm. All clothes and furniture were destroyed, but were covered by insurance.

### Governor Wars On Weeds

The presidents of all villages and Mayors of all cities this week received the Governor's proclamation setting August 8 to 22 as weed destruction days and are therefore calling attention to the program.

It is to be hoped that Governor Horner sent a special message to the Cook county board, calling attention to this weed destruction program and hinting to them that it would be a fine time to do a little cleaning up of thistles and other obnoxious weeds in the Cook county forest preserves.

Most villages and property owners in this locality conduct an annual all summer war on weeds and don't need any proclamation from the Governor to set them going.

### H. B. Hoss Heads Firm For Distribution Mineral & Spring Water

Edward J. Hughes upon August 10, issued incorporation charters to the Indian Ridge Springs, Inc., whose home address is 212 Haddon avenue, Arlington Heights. Other incorporators are H. B. Hoss, M. Netter and L. Segall. The Chicago office is at 77 W. Washington St. The springs that they will develop are located between Dundee and Elgin.

### Produce Fair To Be Part Of Celebration

Palatine Fire Department To  
Celebrate 50th Anniversary  
In a Big Way.

With the cooperation of the Palatine Rural Fire League with the Palatine Fire department a produce fair is to be a part of the 50th anniversary celebration of the latter organization. While the celebration will include the usual carnival features, minus the gambling, special emphasis is to be laid upon the display of farm produce for which prize ribbons will be awarded.

Recognition of the anniversary will be made in a special program on Sunday when special speakers will be present.

### Milk Up One Cent With Advance To Farmers

With the recent advance to milk producers, practically all of the local dairies have advanced the retail price of milk one cent a quart. Some of the dairies have not yet announced the advance, but it is certain to become general.

In Barrington, which has experienced a milk war, the advance was two cents, bringing the price to a par with other towns.

### Parent-Teachers Provide Kindergarten For Third Year

The Parent-Teachers association of Arlington Heights is sponsoring for the third year, a kindergarten to be taught by Mrs. Milton Daniels in her home at 723 North Dunton.

Any parent desiring to enroll her child may call or see the Kindergarten chairman, Mrs. Wilbur K. Dodge, phone 418-M, 620 North Highland.

### Winkelman Is Now Official Test Station

One of 75 Garages in Illinois  
Now Permitted to Issue O.  
K. Stickers.

After many weeks of effort and following the inspection of the testing equipment that Mr. Elroy Winkelman has in use at the Winkelman Tire and Battery Shop, the state of Illinois has issued to that garage certificate No. 73 and authorized Mr. Winkelman to issue O. K. stickers.

Cooperating with the village and the farm bureau, Mr. Winkelman is making all such tests without charge on next Monday and Tuesday. After that date a small fee will be charged to cover the time of the mechanic.

It is not easy for a garage to receive official recognition by the state of Illinois for this work. Mr. Winkelman invested a considerable sum of money prior to the passing of the new testing law and has used the equipment for customers asking for the test of their cars.

In addition to the testing equipment, Mr. Winkelman has the machinery necessary to correct errors and his entire mechanical force will be available Monday and Tuesday to make such corrections as may be noted on cars tested at the farm bureau testing lane as well as those tested upon the Winkelman lane.

Although inspection of automobiles is not compulsory in Illinois, motorists are urged to cooperate in Governor Henry Horner's Highway Safety Campaign by having their cars checked for mechanical defects.

Winkelman Tire & Battery Shop has installed the equipment necessary for making the tests required of a car before it can be approved and tagged with a windshield Certificate of Inspection. The inspection includes brake tester, wheel alignment tester, passenger car hoist and head lamp tester. Seventy-five cents is the maximum fee provided by law for the inspections.

To date, 75 garages in Illinois have been approved as official Motor Vehicle Inspection Stations. Other applications are being checked by highway engineers and new stations are being added daily to the official list.

During 1936, 2461 persons were killed upon the highways of Illinois. Of the number, only 33 deaths were attributed directly to mechanical defects of the cars involved. Inasmuch as 1078 of those killed were pedestrians, safety engineers believe that a large number of the fatal accidents could have been avoided if the vehicles had been in better mechanical condition or if the drivers had been fully aware of the active performance capacity of their vehicles.

### Croquet Courts Now In Service At Park

The Arlington Heights park district, has caused to be set aside for croquet, a tract of ground immediately north of the tennis court and from Belmont avenue east to cross walk. One set of six and two of four have been provided.

Equipment for suffice board has also been provided. A deposit fee of \$1 must be made when equipment is taken, which deposit will be returned when equipment is turned in. Sets are obtainable from Pete Tossman, the caretaker.

### TAX LEVY IS PASSED

The Arlington Heights village board passed the 1937 tax levy ordinance at an adjourned meeting Monday night. The total for this year is \$42,775, which represents an increase of \$8,530 over a year ago. The increase is due to increased service given to the community by the municipal government.

Additional police have been hired, nearly \$3,000 is to be paid on a fire truck, a weed cutter is to be purchased; additional street repairs are needed and salaries of local employees have been returned to former figure to meet the higher living costs.

### Township Refinancing Plan Is Up To J. P.'s

A special committee of the justices of the peace of Wheeling township was appointed Friday by the town board to work out some refinancing plan for the township. It is a knotty problem and the J. P.'s do not relish the job that has been thrust upon them.

### Park Board Establishes Police Dept.

The territory under the control of the Arlington Heights park district is being used by the public to such a large extent that it has become necessary to establish police rules to safeguard the property itself and to protect the rights and privileges of individuals. The park board at a recent meeting established by ordinance, a police department and also enacted an ordinance that designated as misdemeanors, the things that a person must not do upon park property.

This ordinance contains 18 sections of "don'ts" and will be found in full upon page three of this issue.

### HARLEY BIRD NOW AT GAARE MOTOR SALES

Harley Bird, who was mechanic at the Roehler Motor Sales a great many years, is now employed at the Gaare Motor Sales. Harley numbers his friends among car owners by the hundreds.

## What Our Neighbors Are Doing

### DES PLAINES

Des Plaines property owners are being given the opportunity to have money on special assessments as has been enjoyed by Arlington Heights owners the past 2 years. Special assessment bonds are being offered at a discount of 20 per cent or more for that purpose.

The Des Plaines village council has passed an ordinance prohibiting the sale of fireworks and their discharge in that city, except as community displays.

There are all kinds of rumors being circulated about water department affairs in Des Plaines with charges that meters have not been properly read, collections made, etc. The council held a special session Monday night to look into the matter.

Mrs. Ida Humbert, of Mt. Prospect, presented a bill for \$6.30 to the village of Des Plaines for physician's fees brought about by her injury when she fell upon a defective walk.

Part of the front wall of Maine township high school is out of plumb and the main entrance has been barricaded. The "new" method of construction in 1929 that did not provide for the brick work is believed to be the cause. The wall will be reconstructed with an extended coping.

**Magnesium in the Sky**  
One reason why meteorites flare so brilliantly in the sky is because they contain magnesium, the flash-light powder occasionally used by photographers for night pictures.

## BUILDING POINTS BY FHA

Chicago, August 11, 1937—There are eight points to be borne in mind in developing the plans for small, inexpensive houses such as featured in the Federal Housing Administration pamphlet "Principles of Planning Small Houses."

John R. O'Connor, State Director of the Federal Housing Administration, explains them as follows:  
1. The house should be rectangular in shape, avoiding all breaks in wall or roof. Irregular plans mean inside and outside corners in the outside wall, and valleys and ridges in the roof, and these add cost in labor and materials.  
2. By keeping fairly close to the square, the perimeter of the house is reduced to a minimum for the accommodation of the required floor area. A minimum of exterior wall is not only economical in construction, but also in heat losses and the amount of insulation necessary is reduced to a minimum.

3. Elimination of all exterior corners in interior partitions. Such corners add expense in labor and material and frequently spoil furniture spaces.  
4. Dimensions of rooms and location of partitions, the height of ceilings, the pitch of the roof, the spacing of piers, should all be studied to take standard lengths of lumber so that cutting and fitting on the job and waste of wood are reduced to a minimum. For example, by careful planning of room sizes to allow standard lengths of lumber to be used, the labor of cutting off the excess material on the job and the cost of that excess itself which must be paid for at so much per foot, can be saved. It is not always possible, of course, to keep to exact sizes, but all too frequently we find plans that by a little careful study could have been changed to accommodate stock sizes without harm to the plan.

5. Wherever possible joists should span from outside wall to outside wall to reduce labor and to form a better tie. This saves not only the material needed when joists lap, but the labor of handling two pieces instead of one. Large pieces do cost more per foot, but frequently this extra cost is more than offset by the savings made.

6. Standard stock items should be used throughout. This is true not only of moldings and trim and doors and frames, but of kitchen cabinets and other built-in furniture. The range in stock sizes of such items is great enough to enable the architect in most cases to design his spaces to receive them.  
7. Bathroom and kitchen should be placed back to back or above one another to secure a minimum of plumbing, as I have mentioned before. This is a limitation that restricts the number of variations of

plans to quite small limits, but where low cost is a prime consideration, it will be necessary, in most cases, to stay within these limits.  
8. Heating plans should be developed at the same time as the house plans in order to insure efficient and economic installation and operation. By considering the heating layout as the plans are being developed, savings can usually be effected. The use of space heaters with a small amount of duct work can frequently be used in these small houses at very low cost and with reasonably satisfactory results. If the architect keeps in mind the necessity for the centralization of the heating plant, and locates the rooms that must receive a maximum of heat in such positions that the ducts can reach them easily. The use of other systems can be kept to a minimum cost, too, if the necessities of their installation are constantly kept in mind during the planning.

**Gasoline In Lantern Causes Fire**  
When George Harz, Algonquin road, Palatine township filled his lantern with gasoline in place of kerosene, an explosion resulted which set fire to an old milk house, which fortunately was not near any larger building. The Palatine rural fire department responded.

**Wallace Beery In "Good Old Soak" At Arlington Thurs., Fri.**  
A new high in hilarity will be reached when the year's premiere comes to town Thursday and Friday of this week. Wallace Beery and Una Merkel, Elsie Lind, Betty Prentice, Ted Healy make up the entire cast of Beery's latest picture, "The Good Old Soak." Don't fail to see this show. Also cartoon and comedy. Cut glass free to the ladies.

Saturday, August 14, big double feature. Robert Montgomery and Rosalind Russell in that great picture "Night Must Fall." Also "The Wild Catter" with an all star cast.

Sunday and Monday, Aug. 15 and 16 you are going to see one of the greatest musical shows of the year. Francis Langford and Phil Rogan in "The Hit Parade." Doors open 1:30 Sunday. Show starts at 2:00 to 11 p. m. Also Fox news and the day with the Dionne quint.

Tuesday and Wednesday, August 17 and 18 another big double feature program. "Smashing the Vice Trust" with an all star cast. Also "Back Stage" another musical program with Arthur Tracy, the street singer. There will be no children admitted Tuesday and Wednesday.

A cordial invitation is extended to all to worship with us.

**ST. JOHN'S EVANGELICAL CHURCH**  
N. Evergreen and E. St. James  
Rudolph J. Kalwitz, Pastor  
Residence: 310 N. Evergreen Ave.  
Phone: 215-J  
Services  
No church school or Divine worship services will be held on these two successive Sundays, August 15 and 22. This is the vacation period for the pastor and the church school teachers. The Divine Worship services will again be resumed on Sunday, August 29, at the usual time.

**Calendar**  
On Thursday, August 19, the second committee of the Woman's Guild of which Mrs. John Bencie is the chairman, will serve a "Plunket Dinner" at the church, beginning at 1:00 p. m. Tickets are now on sale.

**Information**  
If in need of a pastor's services during the next two weeks up to Thursday, August 26, please communicate with the church president, Mr. Emil Baumgarten (phone 95-W) or the church secretary, Miss Delilah Kost (phone 96-M), and information regarding the same will be gladly given.  
Where humanity is lifted to a higher plane of living, there is no country.  
The public is extended a cordial welcome to attend our services.

**Rust, Corrosion Destructive**  
Rust and corrosion cause an annual direct loss exceeding that caused by fire and flood combined.

**ST. PETER EVANGELICAL LUTHERAN CHURCH**  
Pastors  
C. M. Noack, 115 St. James, tel. 708.  
H. C. Fricke, 304 Douglas Ave., tel. 878.  
When ill or in trouble, call upon our pastors.

**Sunday Services**  
9:30 German.  
11:00 English.  
The Lord's Supper will be given at the German service.

**CHRISTIAN SCIENCE SOCIETY**  
Dunton and Fremont Streets  
Arlington Heights, Illinois  
Church services, Sunday at 11:00 o'clock.  
Sunday school, Sunday at 9:30 a. m.  
Wednesday evening services are held at 8:00 o'clock and include testimonials.  
The Reading Room is located in the church building and is open to the public every Wednesday afternoon from 2 to 4 p. m.  
The public is cordially invited to attend our church services and use our reading room.

**ST. JAMES CATHOLIC CHURCH**  
North State Road  
Rev. Geo. Stier, Pastor  
Masses  
9:00 p. m., Saturdays, days preceding first Friday and Holy Days of Obligation.  
Sunday, 7:30, 9:00, 10:15 a. m.

**ORDINANCE NO. 36**  
An Ordinance Defining Misdemeanors and Providing for Penalties for the same  
BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF PARK DISTRICT OF ARLINGTON HEIGHTS, ILLINOIS:  
Section 1. No person shall engage in any sport, game, amusement or exercise in any park, except such portions thereof as may be designated for that purpose by the Superintendent of the Board of Commissioners.  
Section 2. No person shall fire or discharge any gun, pistol, revolver, racket, cracker, torpedo, squib or other fireworks or things containing any substance of an explosive nature in any park, nor throw stones or other missiles in or upon any park.  
Section 3. No person shall interfere with, or in any manner hinder any employee of the Board of Commissioners while engaged in constructing, repairing or caring for any portion of any park.  
Section 4. No person shall offer or expose any article or thing for sale in any park or do any hawking, peddling, or soliciting therein or thereon without having first received a permit from the Board of Commissioners.  
Section 5. No person shall climb or walk upon any wall or fence under the control of the Board of Commissioners, nor shall any person go upon any grass plot or any portion of any park whereby any sign or notice, persons are prohibited from going.  
Section 6. No person shall deposit, dump, throw, cast, lay or place any coal, ashes, dust, manure, rubbish, paper, garbage, refuse, matter or obstruction of any kind in or upon any part of the grounds of any park.  
Section 7. No person shall make use of the park as a place to sleep, nor shall any person swing, occupy or use any hammock in any park, except such portions thereof as may be designated for such purposes by the Superintendent of the Board of Commissioners.  
Section 8. No person shall display any placard or advertisement in any park, nor shall any person distribute, cast, throw or place any hand bill, pamphlet, circular, advertisement or notice in any park, nor shall any person post or affix any bill, pamphlet, circular, advertisement or notice on any tree, lamp post, hydrant, curbstone, coping, fence, wall, bench, building or other construction or property in any park.  
Section 9. No person shall cut, break, climb on, or in any way injure or deface any tree, shrub, plant, turf, grass, lamp post, hydrant, curbstone, coping, fence, wall, bench, building or other construction or property in any park.  
Section 10. No person shall kill or wound any bird, or other animal, in any park, nor shall any person molest or rob any nest of any bird, or other animal, in any park.  
Section 11. No person shall ride any bicycle or other similar vehicle in any park.  
Section 12. No person shall beg or solicit alms in any park without having first received permission from the Board of Commissioners.  
Section 13. No person shall make, aid or countenance or assist in making any improper noise, riot or disturbance tending to a breach of the peace in any park, or be guilty of any disorderly conduct therein, or thereon, or collect, with other persons, in bodies or crowds for unlawful purposes, or for any purpose to the annoyance or disturbance of citizens or travelers.  
Section 14. No intoxicated person shall be allowed in any park.  
Section 15. No dogs permitted in park at any time.  
Section 16. No person shall use abusive, insulting or obscene language, or language calculated to occasion a breach of the peace, in any park. No person shall do any indecent acts or utter indecent or filthy words, or use any threatening or obscene language or make any indecent or obscene gestures in any park.  
Section 17. No person shall resist any commissioner or police officer of the Park District in the discharge of his duty, or fail or refuse to obey any lawful command of any commissioner or police officer, or in any way hinder or prevent him from discharging his duty, or offer or endeavor so to do, or in any manner assist any person in custody to escape or attempt to escape from such custody, or rescue any person in custody.  
Section 18. The President shall be the ex-officio Police Commissioner and in his discretion, may appoint with the approval of the Park Commissioners, one or more of the park commissioners to serve for the fiscal year as the Police Commissioner, with full police power for the purpose of formulating or making such additional rules and regulations as an emergency or emergencies and the public interest may from time to time require for the orderly regulation of the park district in the care and protection of the property of this park district and for the preservation of public health and peace in and about the park district.  
Section 19. Any person violating any clause or provision of any section of this ordinance shall be fined not more than Twenty-five Dollars for each offense.  
Section 20. This ordinance shall be published in Arlington Heights and posted within one month after its passage.  
Section 21. This ordinance shall be in force after its passage and ten days after its publication and be known as Ordinance No. 36.  
Passed this 2nd day of August, 1937.

O. G. BOLTE, Secretary  
GEO. K. VOLZ, President

GEO. K. VOLZ, President

**ORDINANCE NO. 35**

AN ORDINANCE CREATING AND ESTABLISHING A POLICE DISTRICT OF ARLINGTON HEIGHTS, COOK COUNTY, ILLINOIS.

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE PARK DISTRICT OF ARLINGTON HEIGHTS:

Section 1. That there is hereby established a Police Department for the Park District of Arlington Heights, which shall consist of such number of Policemen as the Board of Commissioners may from time to time, by ordinance or Resolution, fix and determine.

Section 2. It shall be the duty of the Policemen of the Park District of Arlington Heights to preserve order, peace and quiet within the boundary of any Park under the jurisdiction of the Park District of Arlington Heights, and they shall enforce such Code of Rules and Regulations as the Board of Park Commissioners may from time to time establish. They shall arrest all persons found by them in the act of violating any of such Rules and Regulations, or violating any Ordinance of the Village of Arlington Heights or any law of the State of Illinois, and shall take all persons so arrested before the Police Magistrate of the Village of Arlington Heights, or before some Justice of the Peace of Cook County, Illinois and prefer charges or make complaint against such persons so arrested and shall attend and prosecute at the trial of such persons so arrested.

Adopted July 29, A. D. 1937.

Approved: GEORGE K. VOLZ, President.

ATTEST: OTTO G. BOLTE, Secretary.

**CHRISTIAN SCIENCE CHURCHES**

"Spirit" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 8.

The Golden Text was, "No man hath seen God at any time. . . . Hereby know we that we dwell in him, and he in us, because he hath given us of his Spirit" (1 John 4:12, 13).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "God is a Spirit; and they that worship him must worship him in spirit and in truth" (John 4:24).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Spirit is not separate from God. Spirit is God. Moral and spiritual might belong to Spirit, who holds the 'wind in His fists'; and this teaching accords with Science and harmony" (p. 192).

### Bridge Club Meets

Mrs. Gene Heller entertained her bridge club Thursday evening of this week.

### Swimming and Bridge

The bridge club of which Mrs. P. L. May is a member, spent Friday morning swimming at Des Plaines pool. They returned to the May home for luncheon and spent the afternoon at contract bridge.

### Social Events

#### Christenings

Rev. Stier, of St. James Catholic church, officiated at the christening of two infants Sunday. The son of Mr. and Mrs. Harry Klossky was named William Francis and the daughter of Mr. and Mrs. Arthur Dreschel, was named Margaret Ann.

Mr. and Mrs. Harold Haugen had the unusual experience of viewing two sudden deaths this week, one a hit and run driver victim left on Higgins road Sunday evening and one a victim of heart attack at the Catlow theater Monday evening.

Mrs. Baureis and two children of Milwaukee, are visiting at the home of her sister-in-law, Mrs. Newbauer, this month.

The Newbauer family and their out-of-town guests spent Wednesday picnicking at Bangs Lake.

Harold Haugen is spending a few days at the Reinshagen farm near Barrington, visiting his friend, Allan.

Mr. and Mrs. Geo. R. Jarvis of Chicago, are occupying the Jarvis' home during the month of August while the family are away.

Nancy Kumlter has returned home from her vacation visiting relatives in Bloomington.

Mrs. Mary Meyer returned Wednesday from a three week's vacation in California. Her sister, Esther Knox, who accompanied her, remained in California and expects to spend the winter there.

Roger McElhose is the latest victim of the mumps.

Mr. and Mrs. Gene Heller and Mr. and Mrs. Ray Atkinson, returned home Monday night from a few days' trip to the north woods of Wisconsin and Michigan.

The George Frasnios family have moved into their home on West Euclid after spending some time in Chicago.

Mrs. Matt of Canada, who has been spending some time in Chicago, was a guest for several days last week at Mrs. Elmo Williams.

Mrs. Atgbon of Venezuela, So. America, has been visiting her sister, Mrs. Irving Rinbeer and relatives in Chicago.

Miss Lillian Russell has returned from her vacation.

The Forrest Nichols family are vacationing in Wisconsin for a few days.

Miss Lucille Paddock has returned from a few week's vacation in a cottage at Twin Lakes.

Mr. and Mrs. F. Malbeuf of Chicago, spent the week-end at the home of Mrs. Malbeuf's parents, the Theodore Milzters.

Mrs. Malbeuf flew to California and back last week to attend the wedding of a friend.

Mr. and Mrs. Kenneth Glawe of the Landmeier apartments, have gone to Steuben, Wisconsin to visit Mrs. Glawe's parents. From there they will go with relatives on a trip through the Black Hills. Mrs. Glawe's mother will keep their small son.

Mr. and Mrs. Joseph Markham and son, Leo, who have been visiting at the home of their daughter, Mrs. Chas. Emmett, the past few days, returned to their home in Grand Rapids, Michigan, Sunday.

Mr. and Mrs. William Lackner, are spending a week in the north woods.

Mr. and Mrs. Almon Conger and Lorraine left Wednesday for a few days' visit with Mr. Conger's sister, Mrs. Grosche, who lives in Benton Harbor, Michigan.

Ray Hayes spent two days in North Manchester, Indiana, on business last week.

The Atkinson family spent Thursday of their vacation, attending the Ringling Bros. circus.

Martha Ruth Martins attended one of these fine ball games the Cubs are playing, Tuesday.

### The Collignon's Travel Six Thousand Miles Within Thirteen Days

Albert Collignon, Arlington Heights business man, returned home Sunday from a trip to the coast that nearly rivaled the streamline trains so far as miles per hour is concerned. He was gone 13 days, three of which were spent in sightseeing, which left an average of over 575 miles a day for ten days.

Accompanied by Mrs. Collignon and their two sons, Vernon and Albert, they left Arlington Heights in their Terraplane and before they stopped for the night they had traveled 734 miles. Over 400 miles were covered in one day through the mountains.

Medford, Oregon, where Albert is taking up ranch life, was their destination. The route took the travelers through the Black Hills and the bad lands; one day was spent in Yellowstone Park, but the most scenic of all was the Columbia highway, from Spokane down to Portland. After leaving Medford, the Arlington Heights people drove to Sacramento, Cal., thence to Reno, Nevada, then straight as a Terraplane can fly to Illinois.

They found the tourist camps very fine with private baths, kitchenette, etc., all for \$3 for two beds. The states of Oregon and California require special permits for tourists and with the other "plasters" given them on the trip the windshield of the Collignon car is well covered.

### Ballroom Boosters Thank Everyone For Large Crowd At Dance

The Arlington Ballroom Boosters wish to thank their many friends who helped to make their August Jamboree dance last Saturday, such a success. A large crowd attended that made it a gay evening for everyone.

**Origin of Word "Almanac"**  
Origin of the word "Almanac" is unknown. It is supposed to be the Arabic words "al" (the) and "men" (month) combined. The oldest fixed date in world history is 4241 B. C. In that year Egyptian astronomers introduced the "year of 365 days," the one we use today.

### Roberta G. Beatty To Be Bride Saturday At M. E. Church

Roberta G. Beatty, daughter of Mr. and Mrs. John Y. Beatty of 400 E. Euclid street, Arlington Heights will be married to Justin L. Turner of Evanston, Saturday, August 14, at 2:30 p. m. at the Arlington Heights Methodist church.

Friends and acquaintances are invited.  
Scott Hodges, Jr., of Oak Park will be best man; Lola Sheaff of Oak Park will be bridesmaid; Rev. W. B. Walmsley, pastor of Humboldt Park Methodist church, will officiate. Mrs. Hazel McElhose will play the organ.

**Vacationing at Poygan Lake**  
Carl Ewert took Mrs. Carl and the baby to the Sigwalt cottage at Poygan Lake, Wis., Sunday, remaining over until Wednesday morning to get a bit of a vacation for himself.

**A Vacation Trip With No Destination**  
Mr. and Mrs. Gilbert Wilke and Miss Emma Wilke, are enjoying a few days of vacation touring some of the southward. They left without any particular destination in mind, but a determination to forget business for a time. They expected to be back by the end of the week.

L. F. Elliott left Tuesday with his daughter, Dorothy, and Marilyn Klehm for Watson, Effingham county, where Miss Elliott will spend two weeks. Mr. Elliott and Marilyn returned home Wednesday. Incidentally, Mr. Elliott took to Effingham county, news of the big Effingham county celebration that will be held August 22 at Arlington ballroom.

Mr. and Mrs. Stanley Woznick are moving into one of Krause's cozy apartments on East Campbell this Saturday.

**Roots Defy Gravity**  
Only the extreme tip of a root responds to gravity. Cut off the very tip and lay the root flat and it will not grow downward but straight ahead.

**Switzerland's Largest Lake**  
Switzerland's largest lake, Neuchâtel, is 1,420 feet above sea level.

**Hawaiian King a Gambler**  
Although horse races are held annually in Hawaii, gambling of any kind is prohibited by law. Yet horse racing and gambling thereon was once the principal sport of Hawaiian kings. Several land-owning families of today owe much of their acreage to King Kalakaua's poor racing judgment. The king, minus cash, habitually attended races with a map of Oahu in his pocket. He wagered land against money.

Mrs. Fred Tesch had a major operation performed Tuesday at the Ravenswood hospital.

T. C. Ellis and family, their daughter, Mrs. Chas. Williams and Charlene from Carbondale, Ill., were visiting in the home of her sister, Mrs. C. M. Butler of 1304 N. Dunton street.

Mrs. Maybelle Town, Evanston, is a guest of the Fayette E. Briggs family this week.

Mrs. Louis Hagen, who has been visiting relatives in St. Louis, spent a day with Mrs. Effeld, last week, as she was returning to her home in Pennsylvania.

Mrs. F. A. Whiting is in Iowa visiting her invalid sister and brother. Later she expects to go to Dakota to visit another brother.

Miss M. C. Teltar from Kenosha, called on Mrs. F. W. Muller and daughters, Tuesday. She was accompanied by the Misses Petrie McKay.

Miss Harriet Kellom, from Beaver Dam, Wis., is visiting her aunt, Mrs. H. C. Cleveland, this week.

Mr. and Mrs. O. G. Bolte marked the date of their wedding anniversary Wednesday, August 4. Their many friends wish them many happy returns.

Members of the Junior Legion Drum and Bugle Corps, are busy these days. They meet twice a week in Meadow Park for instruction and practice. Wednesday evening is field drill and the interest and aptness of these young girls and boys is encouraging to their director and friends.

Mr. and Mrs. Robert Palmer were last week-end guests of the Fayette E. Briggs family at Earlville. Saturday they visited Deer Park, Starved Rock, Ottawa and Shabbona Park.

Those city people who are boasting of tall hollyhocks, etc., ought to visit some of our gardens and see what can develop out in the country spaces. At 409 N. Evergreen avenue there is a 10 ft. plus hollyhock and Mrs. Jacob Harth in E. Euclid avenue, has a sunflower growing—well worth having a flower show to exhibit.

Ruth Duenn and Eddie Schulerburg are enjoying a two week's vacation with Ruth's sister, Mrs. Frank Beattie at Amberg, Wisconsin. Any fish yet, Eddie?

H. C. Rehling family went to Dubuque, Iowa, Sunday, to attend a family reunion.

**CARD OF APPRECIATION**  
Mrs. Helena Theobolt and daughter, Martha Theobolt, of 230 South Vail avenue, wish to thank all friends for sympathy and help in their recent bereavement in the death of husband and father, and to Rev. H. A. Kossack, for his services and sympathy.

Mrs. Mary Merriek of Dayton, Ohio, formerly Mary Perry of Arlington Heights, is visiting at the home of her sister, Mrs. Beulah Burkitt for a week and would be happy to greet old friends.

Jack Moodie left Wednesday for Boy Scout Camp Oh-Da-Ko-Ta, where he will help make plans and pack for the trip to the north woods which he earned by fine scoutmanship while attending camp two weeks ago. They expect to leave for the north woods later on in the week.

Beulah Burkitt, Marjory Nelson and Marjory Moodie are leaving Saturday for a two week's vacation at Camp Fair Oak near Pullman, Michigan.

Allan Reinshagen visited Harold Haugen for two days last week. Friday they attended the Cub ball game and spent Saturday at Lake Geneva.

The Donges family who recently moved to Park Ridge have been spending the past two weeks visiting relatives in New York City.

Mr. and Mrs. E. W. Reichert of Davenport, Iowa, are spending the week-end with their sister, Mrs. G. Heiber.

The Ray Hayes family enjoyed a trip to the Ringling Bros. Circus Sunday.

Dorothy Helm and George Haug and several couples from Chicago spent the week-end at the Arthur Schmitz cottage at Fox River Grove.

The Trackettsons, Gilbertsons, Wilkins and Walters families attended the dance at the Northwest Country club Saturday night.

When Mrs. Chas. Ott and son, Jerry, returned from a month's vacation spent at Clay Center, Kan., her mother, Mrs. P. L. Swenson and her cousin, Miss Marilyn Miller, returned with her. They made the trip home by way of South Dakota, stopping at Canistota, S. C., for a visit. They also stayed at Lake Geneva for a few days before arriving home.

A month at camp at Lake Hastings, made a pleasant vacation for Philip Wakefield, who has just recently returned home.

Mrs. Alfred Capps is again at home. She has been at Old Mission near Traverse City, the past month.

Miss Meta Pfingsten spent a delightful vacation at Yellowstone Park.

Dr. A. J. Alcorn, Rogers Park, called on his sister, Mrs. Almira Simison, who is at the Rest Home, Tuesday.

Mr. and Mrs. F. C. Utterback and Mr. and Mrs. N. K. Barr, attended the Public Service picnic at Round Lake, Sunday.

Miss Delores Rizzi is spending her vacation with relatives at Kenosha, Wisconsin.

Mr. and Mrs. C. H. Mills visited relatives at Chesterton, Ind., Sunday.

Mr. and Mrs. C. C. Compton and sons of Champaign, Ill., visited the Barrett's from Friday until Sunday. Barbara Barrett, who had been visiting them last week, came home with them and Jimmy Barrett went back for a few days.

Mr. and Mrs. Tom Pope and children, Betty and Jackie and aunt, Miss Pederson, visited the Fehr's at Crystal Lake, Sunday.

Sunday Mr. and Mrs. George Palmer and children visited relatives at Woodstock.

The Laurin's are back from their vacation spent in northern Canada. They stopped at Callendar and saw the Quints and like all who see them, they were charmed.

Miss Hazel Zinn is staying with Mrs. Kuntz while her brother, Kenneth, is having scarlet fever.

When friends of Mr. and Mrs. George Pfingsten see them again they will enjoy hearing about their trip to New York and Washington from which they have just returned.

Sunday, Tommy Kouzmanoff and Mrs. Wm. Berschet had birthdays and Mr. and Mrs. Art Berschet were celebrating their wedding anniversary, so a family group of thirty-five spent the day at the Wm. Berschet home at Elk Grove. The dinner was served out of doors.

Monday evening, friends and relatives helped Mrs. Chas. Grandt celebrate her birthday at her home.

Mrs. M. H. Grigsby is again at home having spent the past month in Pennsylvania.

Memories of college days were brought to mind for Mrs. John Monroe Sunday, for she and her family, together with Mr. and Mrs. Donald Wallace of Evanston, and Mr. and Mrs. Paul Fellingham of Chicago, picnicked at Lake Geneva. The place they stopped was where Mrs. Monroe had vacationed during college days.

Miss Laveta Baxter is spending the first week of her vacation doing things nearby. Brookfield road was visited Tuesday by the Baxter family.

Bobby Dieber was so saddened by the loss of four baby kittens that he thought the funeral would be a news item of interest. Remembering our own children's sorrows, we sympathize with him.

Mrs. Prieto is enjoying a month's vacation. One week was spent at home, this week she and Dr. Prieto and her mother, Mrs. Anna M. El, week from Wisconsin, where they are, nephews, Robert and Richard Ellis had been visiting relatives.

of Dallas Center, Iowa, are driving around Lake Michigan. The last two weeks she expects to spend visiting relatives in Iowa.

Virginia Coy is visiting friends in Chicago this week.

Mrs. Helen Hahnfeldt, children Planché and Billy, were Wednesday callers visiting relatives and friends.

Mr. and Mrs. Gus Miller, Haddon street, expect to leave this week for a vacation, accompanied by Mrs. Miller's sister, Miss Lillian Cushman.

A. C. Wilcox mother is coming to help him keep the home fires burning in his house, 428 W. Wing street, where Lester Aldrich and family have been living. The Aldrich family are moving into the O'Keefe house, 304 W. Wing street recently vacated by the Leon Anderson family, who are with Mrs. Sarah Beitz in N. Haddon avenue.

Mrs. Ned Jayne and little son from Wheaton, spent Tuesday with her mother, Mrs. G. P. Rau.

Mr. Oleese and family from Oak Park have recently moved to the apartment in the Albert Russell property, E. Euclid avenue, where Geo. Oleese resides with them.

Mrs. John Berchtold, W. Wing street, is not as well as usual. The summer weather keeps her from her usual activities.

Mr. and Mrs. Albert Mors and daughter, Miss Mary, made a week-end visit to Grand Rapids, Mich., to help his aunt, Mrs. Graf, celebrate her birthday anniversary. Mrs. Josephine Sieburg, accompanied also, Miss Maxine Graf, has been spending her vacation with her relatives here and has now returned to her home.

Mr. and Mrs. N. Mayer on Kensington road, entertained Sunday, the following guests from Chicago, Mr. and Mrs. Hy. Miller and family, Mr. and Mrs. Louis Lenner and daughter, Mr. and Mrs. Al. Weber and children, Mr. and Mrs. Matt Stergerwald.

The Jacob Bauer family on N. Douglas avenue, are having a happy visit this week with her sister, she had not seen in twenty-six years. Mrs. Jos. Gferer and husband and a niece and family, Mr. and Mrs. Tyler Lenerock and little son from Long Island, N. Y.

Mr. and Mrs. Alben Wieberg from Lake Forest, spent Sunday here with her parents, the Olsens, in Kensington road.

Mr. and Mrs. Forrest Nichols and daughter of N. Evergreen avenue, motored to southern Illinois first of this week to visit relatives during their vacation.

Mr. Edw. Fitz and little daughter, Laura, came home last of the week from Wisconsin, where they had been visiting relatives.

### Clark Family Hold 10th Annual Reunion Here

The tenth annual reunion of the Clark family, was held in the home of Mr. and Mrs. Louis Clark, 213 So. Highland avenue, Sunday, Aug. 8.

There were fifty-eight guests present. Mrs. Martha Clark, who had celebrated her 88th birthday, July 27, was the oldest. Those from Indiana were:

Dr. and Mrs. C. P. Clark, Indianapolis; Mr. and Mrs. A. L. Clark, Lafayette; Mr. and Mrs. John Clark and Mr. and Mrs. Robt. Clark and Jane, Vincent, and Virginia Clark, Kentland; Mr. and Mrs. J. S. McCurry, Goodland; Mr. and Mrs. Cliff Ogle and Wilma Jean and Wayne Ogle, Idaville; Chas. A. Burns, Logansport; Mr. and Mrs. Geo. Clark, Kentland; Mr. and Mrs.

Lloyd Clark, Brook; Mr. and Mrs. R. Clark and family, South Bend; Mrs. Guy Hoffman and son, Terre Haute; and Mr. and Mrs. Chester Kunbrell, Oterbrien.

Others were Mr. and Mrs. Clark Burns and family and Mr. and Mrs. Arthur Shoup, Kalamazoo, Mich.; Mr. and Mrs. James Morris and Eugene and James Morris, Chicago, and Mr. and Mrs. Jos. Siegler, Mr. and Mrs. H. F. Lunning and Florence, and Mr. and Mrs. Louis Clark and Bruce and Lois Clark, all of Arlington Heights.

Mrs. Clark served a royal dinner equal to any the friends from Indiana have at home. One of the features of the occasion enjoyed by everyone, was the moving pictures shown by Dr. C. P. Clark, showing scenes of past reunions.

After a brief business meeting, it was agreed that the next Clark reunion, will be held at South Bend, Indiana.

### PROPERTY LIFE INSURANCE

ARIBERT F. WILD  
Member of the Chicago Bar

In an effort to avoid or to minimize the damage or the entire destruction of property and life, mankind has sought to distribute the risk of unexpected and unforeseen happenings among a multitude of persons by way of insurance. Our present social security legislation demands for protection against the peril and loss of future events. The same thought of fear underlying the objectivation of risk in commercial and industrial enterprises led to the creation of our modern corporation wherein the shareholders distribute not only profits but seek to distribute losses among themselves.

A new law, enabling the formation of "property life insurance" companies, hitherto unknown, has passed the Illinois Legislature. The bill "for an act relating to the organization and regulation of property life insurance companies" was introduced by Senator Keane of Chicago, and passed the House on Wednesday, June 23, 1937 and has since been signed by Gov. Horner. The act permits the chartering of corporations, authorizing them to issue insurance policies on property "against total loss or damage, including total loss of use by reason of depreciation occurring prior to the expiration and existing at the expiration of the insurance term." The act, in Section 1 thereof, enumerates the kinds of insurance to be written:

(a) On dwelling houses, stores and all kinds of buildings or parts thereof, and appurtenances, heating apparatus, hot-water plants and other apparatus connected therewith, against total loss or damage, including total loss of use, by reason of depreciation occurring prior to the expiration of the insurance term; (b) On dwelling houses, stores and all kinds of buildings or parts thereof, and appurtenances, heating apparatus, hot-water plants and other apparatus connected therewith, against total or partial loss or damage, including loss of use, by reason of total or partial depreciation occurring prior to the expiration of the insurance caused directly or indirectly by sinking of parts of the building, subsoil water, dry-rot, fungus, dampness of rooms, cracks in ceiling, supporting walls or pillars, leakage in roofing, and bursting of water pipes caused by natural deterioration, or by damage to the buildings and parts and appurtenances thereof from external causes.

(c) On machinery and mechanical and electrical equipment of every kind against total loss or damage, including total loss of use, by reason of total depreciation, deterioration and breakage existing at the expiration of the insurance; (d) On machinery and mechanical and electrical equipment of every kind against total or partial loss or damage, including loss of use, by reason of total or partial depreciation, deterioration and breakage occurring prior to the expiration of the insurance.

"Property life insurance," until recently unknown in America, was practically established in Germany and in England. It intends to replace, by means of insurance, the many incorrect and insufficient methods as depreciation and amortization accounts for the causes and means of replacement of property. Analogous with life insurance, this form of property insurance which is applicable to real as well as to movable property, views property as an organic being that from the time of its inception until total destruction by ordinary use or otherwise, is exposed to many unforeseen happenings making its use totally or partially impossible.

When our property damage insurance of today protects us against losses that may occur, this system of "property life insurance" covers also the future happenings that must occur. Viewed in the light of human life insurance it protects not only health and accident, but also against death of property life. The act as heretofore mentioned refers to buildings, stores, dwellings, houses, machinery and mechanical equipment of every kind. The German "property life insurance" was extended to cover ships, machines of all kinds, cars, furniture and other movable properties. The application of

### Schaefer Is Not Only Hurler In Red Wing Line-up

The Red Wing ball club showed more versatility last week-end when they added two more games without Schaefer on the mound. H. Firmbach, the hard hitting outfielder, came in to pitch for the Red Wings at Half Day Saturday and won easily 10 to 2. Art Dieball, who has not played ball all season, faced Dundee, Sunday, ending with an 8 to 5 victory.

Schaefer injured his arm in a recent game and was unable to take his regular position. Mel Kehe, another relief pitcher for the locals, was getting a try out with the Boston Bees. The Chicago Cubs are looking him over some time this week.

With Dieball in control, the Red Wings kept well ahead of Dundee. He ended a three run rally in the ninth by polishing off the last two batters by the strike out route. The Red Wing bats were well used by R. Willert, who hit safely four times during the afternoon, including a triple.

The Berwyn Lakatas are meeting the Red Wings again this Sunday. Their previous game in early July was called because of rain after the Red Wings had battered out eight runs in three innings. However, it will be a rejuvenated team that will meet the Red Wings this Sunday.

"property life insurance" can be made so manifold and its advantages are so numerous that expression must be given to the hope that this new act shall only introduce and not limit this new idea of providing life insurance for other objects of human property.

The insurance contracts written under the new act will be based on the life expectancy of the property as indicated by a building index figure. The insurance contract will first insure against the total devaluation at the end of the insurance term as caused by age and use, secondly, against the premature and partial devaluation by building defects which might be traced directly or indirectly to the causes as hereinabove enumerated under paragraph (c) of the citation. The premium on policies will be based upon the life expectancy of the property insured. At the end of the insurance term, without proof of damage, the devaluation is presupposed and the insurance company will pay the contracted insurance sum, or such balance which has not been paid out for former partial distribution. It will generally provide also that the insurance company has the right to pay the sum for which the property was insured prior to the expiration of the insurance term and thereby free itself from the entire contract. Like life insurance policies, these new policies will provide for a loan and surrender value of the policy.

The economic advantage of this new form of insurance consists mainly in the permanent protection against depreciation and obsolescence and in supplanting the present amortization forms with a new system, assuring the possibility of property replacement, and will thereby greatly contribute to the stabilization of property values.

### At Washington

By RALPH E. CHURCH  
Representative, 10th Congressional District

Washington, D. C., August 7—

Sandwiched between the debates on the Wagner Housing Bill during the past week, the controversy over the Supreme Court continued to flare up in the Senate. It is no longer a question as to whether additional justices should be appointed. That has been more or less settled for this session at least. The question now is whether or not the President can make an appointment after Congress has adjourned to fill the place of retired Justice Van Devanter.

The Justice retired from the bench on June 2. At the time the Senate was in session. Clause 3, Section 2 of Article 2 of the Constitution provides: "The President shall have the power to fill all vacancies that may happen during the recess of the Senate..." How is that clause to be interpreted in connection with the recently retired Justice? The argument immediately broke out when the President asked his Attorney General for his opinion, thereby indicating that he may wait until the Senate is in recess before he makes the appointment.

One group of Senators contends that the words "that may happen" are to be construed as meaning "that may happen to exist during the recess." Another group contends they are to be interpreted as meaning "that may occur." Justice Van Devanter's retirement did not "occur" during a recess, but it caused a vacancy which "may happen to exist" during a recess.

Senators who take the position that Senators who take the position that regardless of how the clause should be interpreted the President is "morally" obliged to make the appointment before the conclusion of this session, in order that he may be confirmed by the Senate before the opening of the October Term of Court. Some of the Senators have indicated that if an appointment is made during the recess and he goes on the bench, they will vote against his confirmation on that ground alone when his name comes before the Senate at the next session.

But, asked Senator William E. Borah, why all this discussion as to the time when the appointment should be made? He startled the Senate with the statement: "I wish to invite the attention of the Senate to the fact that, in my opinion, there is no vacancy on the Supreme Court of the United States."

Senator Borah is a recognized authority on Constitutional Law. His statement was startling. It sounded ridiculous. Senator Henry F. Ashurst, chairman of the Judiciary committee, interrupted Borah during his argument to say: "I think one of the reasons for the great success of the Senator at the bar and in statesmanship is his willingness to say bold things and to take ground which at first blush challenges rather than what is the generally accepted attitude of the country."

And so the controversy has been further complicated by the question as to whether, in a strictly legal sense, there is a vacancy on the Supreme Court to which an appoint-

ment can be made. A statute enacted in 1869 provides for a Supreme Court of 9. There are only three ways by which a vacancy can occur: (1) a death, (2) impeachment and (3) resignation. It is the contention of Senator Borah that Justice Van Devanter did not resign but simply retired under the Act of March 1, 1937, by the terms of which he retains his status as a Justice of the Supreme Court.

The Constitution provides that the salary of a Justice cannot be reduced by Congress. In order to permit the retirement of a Justice with the assurance of a continued salary which could not be reduced by future Congresses, the Act of last March provides that a retired Supreme Court Justice is subject to call by the Chief Justice for service on the Circuit Courts. It is Senator Borah's contention that under the law there is only one way that a retired Supreme Court Justice can render such service, not having ever been appointed to the Circuit Court bench, and that is by retaining status as a Supreme Court Justice. If he retains that status, argues Borah, then there is no vacancy in the Supreme Court of 9.

It is interesting to note that in his letter to the President Justice Van Devanter did not state that he

was "resigning." He was careful to say: "I desire to avail myself of the judicial service specified in the Act of March 1, 1937." He was careful to say: "I hereby retire" rather than "I hereby resign."

As someone has said: "Senator Borah makes bold and startling statements, but as a general rule he is annoyingly correct." Because of the doubts raised by Borah, Senator M. M. Logan, Democrat, of Kentucky, has introduced a bill providing for a Supreme Court of 9 "who have not retired under the provisions of the law."

statements, but as a general rule he is annoyingly correct." Because of the doubts raised by Borah, Senator M. M. Logan, Democrat, of Kentucky, has introduced a bill providing for a Supreme Court of 9 "who have not retired under the provisions of the law."

## Vacation Clubs Are Rackets

The Chicago & North Western R. R. has asked the publishers of newspapers upon their lines to give publicity to the vacation club rackets as uncovered in Detroit and Indianapolis and which may soon be tried in Chicago.

The racket works the same as the old time chain letters and is purely a get rich quick plan for the people who start it.

Hundreds of Detroiters who hope to make \$640 "for \$5.90 plus a little" and who have been flocking to the offices of the "Vacation Club" in the Washington Boulevard building, Friday, were warned to be wary.

The Better Business Bureau issued a report stating that it "has no hesitation in branding the 'Vacation Club' a racket, and has requested both the Police Department and Prosecutor's office to take prompt steps to halt this current exploitation of 'unwary, unsuspecting and too credulous' vacation seekers."

**Not Accepted by Mail**  
The Bureau charges that the club membership setup, through the application form, "discloses obvious efforts to circumvent Federal lottery laws." United States postal regulations bar endless chain schemes from the mails. The "Vacation Club" application states that applications and payments are not accepted by mail.

Robert E. Wheeler, manager of the club, said that between 5,000 and 6,000 members had registered. He added that between 800 and 1,200 persons have been going daily to the office, which is open from 8 a. m. to 8 p. m.

Upon payment of a registration fee of 90 cents, the "member" receives a "discount service book" which entitles him to discounts on merchandise or services from sev-

en Detroit concerns listed.

**And 'Nobody Loses'**  
"Nobody loses," said Wheeler. "Everything depends on a person's own efforts. The total outlay is \$5.90 and the minimum return is \$14 from the merchandise discount book. We have people bring the 90 cents in person to the office, and then there's no argument about money getting lost in the mail."

When the applicant pays his registration fee he gets two copies of the application, on which the last line in a row of seven for members' names is left blank. These copies are to be given to two friends. New members are supposed to be enrolled "within 24 hours."

"When enough members' names follow, that forces a name to the top of the list," said Wheeler. "Then the person whose name is at the top is notified by telephone to come in and pay his dues of \$5, which goes to the member whose name was in first place on his application. An official receipt is given and the member is then entitled to receive \$5 from every person whose application shows his name in first place."

**New Name Pyramids**  
The application carries a table showing how "each new name pyramids to reach first position." Each name is in seventh position on two applications, but will be in first position on 128 applications, according to the table.

The Better Business Bureau report states that on a given application, or in a given chain, there are really 128 members in seventh position. When any seventh name gets to first position, the report says, "the chain now involves 32,767 people." But before a person can collect from the 128, the name in first position must wait until the last 128 have obtained memberships from another 128.

"At that point, the so-called 'members' involved in this particular chain total 4,194,303—or more than twice the entire population of Greater Detroit," states the Bureau's report.

The Bureau's counsel holds the opinion that endless chain schemes violate Michigan law.

**Chain-Letter Vacation Promoter Sought**

(Excerpt From Chicago American Tuesday, August 3, 1937)  
Indianapolis, Aug. 3—(By International News Service)—A mysterious "Mr. John W. Sprinkle," whose bank account showed deposits of more than \$4,000 in a relatively short period of time, was sought here today as police crushed a chain-letter vacation-club project.

Approximately 2,000 Indianapolis residents had joined. Each paid a 90-cent membership fee and upon payment of \$5.00 and the obtaining of new names had a chance to receive a \$640 vacation check, it was stated.

### Arlington Garden Club To Hold Party and Social

The Garden club of Arlington Heights will hold their annual garden party and social, Wednesday evening, August 18, on the lawn of the Bates home, 216 E. Euclid, from 6:30 to 10 p. m.

Refreshments will be served and everybody is invited. Only a nominal charge will be made. A nominal charge will be made for a nominal charge will be made.

Last year this event was pronounced to be the most enjoyable of the season.

The club members united in making it almost a Garden show, with a profusion of cut flowers and flowering plants.

This year provision has been made for even a larger crowd and everyone attending will be assured of a good time.

The Arlington Heights Garden club is one of the most successful of our suburban garden groups, and last year members were awarded 16 prizes at the International Horticultural show.

Don't miss this Garden party.

**Where Game Birds Nest**  
Quail, partridges and pheasants nest in the edges of fields of growing grain or grass, along grassy fence rows, in roadside thickets, and in the open brushy margins of woodlands.

### Permission Granted For Exchange of Public Service for Edison Bonds

"The Illinois Commerce Commission has authorized Commonwealth Edison Company to issue additional shares of its capital stock for the purpose of making an offer to holders of common and preferred stocks of Public Service Company of Northern Illinois to exchange their Public Service Company holdings for Commonwealth Edison Company stock."

"The Commonwealth Edison Company has announced that it cannot take any action until it has received further authority in the matter from the Securities and Exchange Commission at Washington, D. C. Legally, this authority from the Securities and Exchange Commission can not be granted until after the Illinois Commerce Commission had acted."

"Public Service Company of Northern Illinois stockholders are therefore not immediately affected. They will not be required to make any decision unless and until Commonwealth Edison Company makes each of them directly an offer. If and when such offer is made, it will be made in writing direct to each Public Service Company of Northern Illinois stockholder."

"As previously announced, it is not contemplated in the present plan that Commonwealth Edison Company should acquire direct ownership of the physical properties of Public Service Company of Northern Illinois. Neither is the merging of the operating organizations and personnel of the Companies contemplated."

### Local Man Seeks Patent For Grinder

Leonard Behrens, Elk Grove farmer and operator of a hammer-mill portable grinder is patenting an improvement that he states can be applied to all Hammermill machines. An operator of such an outfit many years, he profited by the experience gained and a patent application is on file in Washington.

Mr. Behrens has discovered that the way of a patentee is not easy and he has passed through an experience that will make good story book reading someday if the patent is a success and he becomes a big business man.

It was when making repairs upon his machine that he hit upon an improvement, which he tested out after its installation. The result more than met his expectations and he decided to patent the invention.

The improvement is really simple, it means the alternating of light and heavy hammers which pulverize the grain hull to powder.

Mr. Behrens called upon his former physics professor at Elmhurst college and upon his advice consulted Burton & Burton, well known patent attorneys.

Deciding to hasten the patent by a personal visit to Washington with his machine, resulted in a multitude of obstacles, which were only overcome after considerable effort on his part.

When his funds gave out, he was compelled to leave as security for gas different parts of his auto and machine. At one place he secured needed gas upon his promise to become Chicago territory agent for a farm product.

At one time he was lodged in a jail until he could prove his real intentions. By dint of the same perseverance that he displayed in completing his inventions, he was

able to return home, but without his truck and machine. Securing needed funds from a local automobile firm he returned east by bus and drove his equipment back to Arlington Heights.

With the completion of the patent application papers he is looking forward to the manufacture of the improvement which can be installed in any hammermill machine by the owner.

### City of LaGrange Also Talks Swimming Pool

When Arlington Heights secured WPA aid in the construction of a swimming pool, the LaGrange Citizens sent a special representative to Arlington Heights to secure all details and as the result of publicity given the project from time to time, a meeting of all civic bodies of that municipality, was held this week at which Louis S. Cole, of Glenview, who was consultant at Arlington Heights, addressed the meeting.

Hollywood Trains Continental Actor

Willy Castello, the famous Continental actor featured as Lucky Luciano in "Smashing the Vice Trust," at the Arlington Theatre, Tuesday and Wednesday, is known in the theatre world as the Clark Gable of Europe. Although born in Holland, Castello's father was a famous Italian actor and Willy was trained to the stage from infancy, with the result that as a young man he became a sensation on the stage and screen all over Europe. He speaks six major continental languages fluently, but until brought to America by Carl Laemmle, Sr., some two years ago, had never spoken a word of English. However, under careful tutelage in Hollywood, he made rapid progress and now speaks this difficult language with only a slight trace of accent, reminiscent of Francis Lederer or Paul Lukas.

When Mr. Laemmle sold his Universal interests, Castello, who was under personal contract to Laemmle, became a free lance artist, but his success in the very difficult role of Lucky Luciano in "Smashing the Vice Trust" was so great that he was immediately signed for a number of important roles in pictures now in production, and several major companies are trying to place him under contract.

No children admitted Tuesday and Wednesday, August 17 and 18.

### Mrs. Mary Sieburg, 84 Arlington Pioneer Will Be Buried Today

Mrs. Mary Sieburg, a pioneer of Arlington Heights and who has spent her entire life in Bensenville and the Heights, passed away Tuesday afternoon, August 10, following a stroke that occurred on Sunday.

The funeral will be held Friday afternoon at 1:30 p. m. from her home on West Campbell street and at 2:00 p. m. from St. John's Evangelical church. Rev. Ellerbrake, who was her pastor many years, will officiate. Vocal numbers will be rendered by the ladies' aid; funeral arrangements are by Karstens. Interment will be in St. John's cemetery.

The Sieburg homestead was located on Foundry road opposite the present Alfred Meyer farm. With her husband, Mrs. Sieburg had a prominent part in the early days of Arlington Heights. Mr. Sieburg passed away in 1930, but for many years conducted a market on North Dunton and at one time owned the triangle property now occupied by the National Bank and the Kosmin place.

Mary Sieburg, nee Volberding, was born December 19, 1852 in Bensenville, Ill., and made her home near Bensenville until she was united in marriage to Mr. Fred Sieburg on December 4, 1873 at Arlington Heights, Ill. This couple made their home at Arlington Heights ever since. This union was blessed with 10 children, 5 preceding their parents in death. Mrs. Sieburg reached the age of 84 years, 7 months and 21 days.

There remain to mourn her departure 5 living children, Mr. Henry Sieburg, Mr. Fred Sieburg, Mrs. Martha Horcher, Mr. Edwin Sieburg, Mr. Walter Sieburg; seven grandchildren; five great grandchildren and one brother, Mr. Fred Volberding of Bensenville, Ill.

### Oldest Customs House

The oldest customs house built within the boundaries of the thirteen original colonies stands in the Colonial National historical park at Yorktown, Va.

### RETIRES AFTER 51 YEARS OF SERVICE

Effective August 1, Robert J. James, General Baggage Agent for the Chicago & North Western railway, will retire after 51 years of service. Mr. James has been in "North Western" service since January 15, 1886, when he started as a clerk in the Baggage Department in Chicago. In 1911 he became Chief Mail Clerk and in 1929 was named to the post from which he is now retiring. Mr. James was born September 22, 1870 and makes his home at 930 Washington street, Evanston, Ill.

A letter from Superintendent Campbell expressing his regrets at losing a man like Mr. Reiter and wishing him many years in which to enjoy leisure time activities, arrived Wednesday and is one of Mr. Reiter's most prized possessions. His associations with the officials of the company have always been most pleasant and he has found them courteous and understanding at all times.

### John Reiter, Well Known Train Collector Retired August 1st

John Reiter, of Des Plaines, who retired August 1, has many friends in Arlington and Palatine as well as at other points on the Wisconsin division.

He was pensioned August 1 after 54 years of train services with the C. & N. W., and plans to spend much of his leisure time at his summer cottage in McHenry. Each winter that his health holds out he will spend in Florida where he enjoys deep sea fishing.

Mr. Reiter has reached the age of seventy years and looks as chipper as many men much younger. He was born in Des Plaines, where the Ellinwood Bakery now stands. At the time, his grandfather owned all of the block between Center and up to the Chevrolet used car lot back to about 820 Pearson street. Collector 42 Years

When Mr. Reiter started working as a collector 42 years ago there was only one run out of Des Plaines to Chicago a day. About 35 residents used the service and tickets sold at 70c, one way. There were

600 inhabitants. At the present time there are five runs out of Des Plaines each day and tickets sell for 60c round trip. In dealing with passengers Mr. Reiter states the majority are honest folk, but once in a while someone will try to cheat the company. He would like to take this opportunity to thank his passengers whom he had the pleasure of serving for so many years.

A letter from Superintendent Campbell expressing his regrets at losing a man like Mr. Reiter and wishing him many years in which to enjoy leisure time activities, arrived Wednesday and is one of Mr. Reiter's most prized possessions. His associations with the officials of the company have always been most pleasant and he has found them courteous and understanding at all times.

### Fox Studio Official Visits Arlington

Donald G. French, who is connected with the "Fox Studio" was in Arlington Heights recently, calling on friends. Mr. French is looking for locations around the city for a new movie "Windy City." He was accompanied by Ferdinand C. Hoffstetter, who will be remembered as making a "Good Will" tour to the coast for the "Century of Progress," with his dog Ranger and horse "Flash" once owned by Roscoe Rebb. Old friends will be interested to hear that Ranger and Flash are in pictures out in Hollywood. Also that Ferdie is having a chance in the movies. His nom de plume is "Ferdie LaRue." His friends will be watching to see him on the screen some time.

## THE CHATTER BOX

By  
TOMMY KOUZMANOFF

This Is Your Column -- Help! Help!

All in a week... The Melrose Park Condors showed aside another Tri-County Amateur Baseball League opponent... this time the hapless Melrose Braves... by a convincing 18-4 score... to once again assume undisputed first place position...

Ralph Ackermann... assistant professional at the Mohawk Country Club... has resigned his position to become a private chauffeur for an Eastern traveling man...

The really, truly great... and seemingly unbeatable Rose-Lo Inn softball team... suffered its first Arlington League defeat in almost two seasons of play... at the hands of Ed. Gaare's fast traveling Studebakers... Tuesday night... by a 4-3 score... but only after a valiant battle... The opposing pitchers... Art Luerssen of the Rose-Lo Inn... and Ray Hayes of the Studebakers... both turned in their season's best performances... with the latter gaining the edge on some fine defensive work on the part of his mates... Though the Rose-Lo's outthrew their opponents 10 to 5, they were unable to capitalize on their scoring chances...

The Arlington Red Wings baseball team proved to the local fans that they are not a "one man ball club" last Sunday... when they trounced the strong Dundee nine 10 to 2... minus the services of their star pitcher... George Schaefer... who is suffering from a sore arm... Firnbach and "Ole" Art Dieball combined their pitching strategies to hold the Dundee hitters to seven hits...

The Arlington Ballroom Boosters softball team reports that their Saturday night's dance was both a financial and howling success...

Fred Gieseke... first baseman for the Gaare Studebakers... left Wednesday night for a week's trip to Washington, D. C., and other points East...

Two written invitations... or challenges... if you will call them that... were received by this department... from a group of Des Plaines businessmen for the Arlington All-Star softball team... twice victor over the DuPage County All-Stars... to play their Johnson Electric team... The letters unanswered... a personal delegation was sent to us with instructions to land the game... We were finally convinced to consider the matter... The date was set... Sunday night, Aug. 15... the place... Des Plaines Park... the time 9 p. m., under the lights...

## DUSTING 'EM OFF

Du Page Register, May 24, 1912  
Palatine

Palatine will play the General Furniture Company, Sunday, May 28. This team held the city championship in its class last year. They beat the Leland Giants and other Semi-Pro teams. It will cost the local management \$17.35 to get that team here. To this must be added the expenses of the local players, which means that the fans should come out and patronize these games if they want fast teams brought here. Palatine has signed up several new players which will make the home team stronger than ever. Later—Information has been received that the visiting nine is taken from the Normal and Capt. Anson's teams.

July 14, 1911  
Itasca

Itasca Stars defeated the C. M. & St. P. R. R. office clerks twice on the Fourth; first game 9 to 7, second 9 to 2. Bicknese pitched first game and Franzen the second.

## Arlington All-Stars Play At DesPlaines Sunday Nite

Arlington All-Stars And Johnson's Electrics To Play Under Lights

### 30 Years Ago -- 1907

COOK COUNTY HERALD  
FRIDAY, AUGUST 9, 1907

The Event—The Arlington All-Stars vs. the Johnson Electrics in a special softball exhibition. Date—Sunday night, Aug. 15. Time—9:00 p. m. C. D. S. T. (night game under lights). Place—New Municipal Park, east of Des Plaines.

Finally, but only after weeks of persistence on the part of the Des Plaines Chamber of Commerce and various Des Plaines organizations, the Arlington All-Stars and the famous Johnson Electrics, will meet in a special game, Sunday night, 9 p. m., under the arc lights, at the new Municipal Park in Des Plaines.

The All-Stars will be out to avenge a previous 6-3 beating, played as a tune-up for the big Arlington All-Stars-DuPage County League All-Stars game.

The game is being widely publicized throughout the Northwest towns. From all outlooks, the crowd will exceed that of the recent All-Star tilts at Arlington.

Bellewood Nine Uses Whitewash Brush; Blank B. E.'s, 14-0

The slugging Bellewood Blues, undefeated 1936 West Suburban Baseball League champions, took the whitewash brush out of their bag of surprises last Sunday to blank the struggling Bensenville Edgewood nine, 14-0, for the latter's ninth league loss of the season.

Manager Enger's lads were able to tag M. Snyder's offerings for only three safe blows, one each in the 2nd, 7th, and 8th frames. "Ernie" Thollander, Bensenville's own "Charley Root" of the good old '29 days, started on the hill for the locals, but a most sloppy and lazy exhibition of fielding behind him caused his removal in the 7th inning.

The Blues collected a total of eighteen hits for twenty-eight bases off the combined efforts of Thollander, Ed. Kabab and "Cotton" Bailey. M. Snyder, Bellewood's pitcher, also took personal charge of the victors' on slugging with five consecutive singles. The B. E.'s further aided the Bellewood cause with a pair of charity home runs on some lackadaisical outfielding. Bell Blues... 030 070 413—14 18 2 Bens-Edg... 000 000 000—0 3 8 Batteries—M. Snyder and Grove; Thollander, H. Bailey and Kabab; Grobe, N. Bailey.

So Says Hi Ho  
"I do not assume too much responsibility," said Hi Ho, the sage of Chinatown. "I know the sun will rise on time and am not tempted to smash all the clocks which do not agree with my own."

## Caution Is Urged In Buying Feeder Cattle This Fall

With a big corn crop developing, with fat steers hitting new highs and with the trade talking even higher prices, R. C. Ashby, associate chief in livestock marketing, College of Agriculture, University of Illinois, suggests that caution at five different points in buying feeders may pay large dividends this fall.

"First consideration is a declining cattle market a few months hence. In six or eight months fed steers may be selling for little more than a pound than they cost as feeders. Therefore in buying in his cattle, the feeder should decide about when he expects to market and what he expects fat cattle to sell for at that time."

The second point of caution as outlined by Ashby is the plainer feeders may show better margins this year, if marketed from January to June, than quality cattle will show. Pork supply will continue short and lower grade beef is used to fill in, he explained. In buying plainer feeders, sorting is important to know and to get the "good-doing" kind.

Successful feeders do not get excited and buy feeders at high prices just because others are doing it. This year it may pay to wait until the main rush is over before buying.

Ashby's fourth point is the suggestion to get the best possible advice and assistance in buying feeders. There is every indication that plenty of feeder cattle will be brought to high this fall. It is a year when good advice may save the feeder a lot of money.

"Usually the best investment a farmer makes is the reasonable commission which an honest and skilled feeder buyer charges to assist in buying feeder cattle," Ashby said. "Such assistance will be particularly valuable this year."

"Finally, there is the importance of getting good weights. Two factors should be kept in mind—to see that the cattle do not have an excessive fill and to insist that they be weighed on scales that have been proved accurate."

"Aelurophobia" is an unreasonable fear which tends to make some persons hysterical when a cat is present. Psychology says it is a remaining vestige of the fear of ground animals, shared by all men when the race dwelt in trees.

## FOR SALE—AUTOS

FOR SALE—29 Ford tudor, good condition, very reasonable. No dealers. S. Greshner, 113 W. Eastman, Arl. Hts. (11)

FOR SALE—Willys 33, 77 DeLuxe 4-door sedan, excellent condition, \$165. 35 mi. per gal. P. Markus, John and George street, Bensenville, Ill. (5-28)tf

FOR SALE—16 inch sulky plow, Emerson - Brantingham, guaranteed to work right. Charles Ruffing, 1 mi. north of Barrington. Phone Barrington 120-W-2. (8)

## Farmers and Fishermen

A nation busy with farming and fishing. Portugal has little use for formal education. Although there are three universities, more than one-half the population can neither read nor write. The peasants, however, preserve by word of mouth a rich folklore, and their unwritten four-line poems, recited from one end of the country to the other, are famous. They are so numerous that a single collector was able to record 10,000. Their language, with its signal scarcity of 's' and 'n's, is represented in the world's literature by the Sixteenth-century Lusian, written by the one-eyed Camoes largely while in exile.

## Chronological Eras

In Christian countries the years are counted from the birth of Christ. This system is called the Christian Era. It was not instituted until early in the Ninth century. But years are also counted, in other countries, by systems starting before and after the beginning of the Christian Era.

## Color of Animal's Blood

The blood of many lower animals has a pale blue oxygen-carrying substance in place of the hemoglobin that gives the blood of the higher animals its red color.

## State Weed Destruction Days Here

With August 8 to 22 designated by Governor Henry Horner as weed destruction days in Illinois, J. C. Hackleman, crops extension specialist, College of Agriculture, University of Illinois, points out that just two common weeds, Canada thistle and quack grass, occupy an area of more than 200,000 acres or about the area of the land in farms in Marshall county.

"No better time could be picked for a campaign to destroy these weeds each of which occupies about 100,000 acres of farm land, than the period designated as weed destruction days," he said.

"In the first place these weeds have just passed their seed stage, and in all probability some seed has been spread around the existing patches from which seedlings are just starting. It will be much easier to destroy these plants now than after they have had a year's growth."

Furthermore at this season of the year farmers have more time to fight weeds than at the peak of the spring planting season. It takes about a month or six weeks of intensive work to kill out a bad patch of Canada thistles, and in many fields that were in oats, wheat or barley, the work can be done very nicely during the next few weeks.

Canada thistle is especially troublesome because it spreads both by an underground rootstock and by production of seeds.

A vigorous grower, quack grass, will choke out most ordinary crops. It is estimated that in heavily infested fields, quack grass will reduce the yield of corn by 20 to as much as 50 per cent.

"Considering the loss that it causes, quack grass is probably about as serious a pest as Canada thistle," Hackleman said.

### Long Trip for Washington

Washington took four days to go from Mt. Vernon to Philadelphia more than 150 years ago, when he arrived May 13, 1787 for the Constitutional convention, a distance of approximately 160 miles.

## Big Shows At Catlow Theatre

Although both George Brent and Anita Louise have been under contract to Warner Bros. studios for several years, they never met until shortly before they began their co-starring assignment in the Cosmopolitan production, "The Go-Getter," which will be shown at the Catlow Theatre beginning Thursday for two days.

The popular threesome of "Hopalong" and "Windy," ride side by side again in "North of the Rio Grande," the outdoor romance showing at the Catlow Theatre on Saturday. In real life they are William Boyd, Russell Hayden and George Hayes.

Double featured Saturday with "North of the Rio Grande," is "She Had To Eat," with Jack Haley, Rochelle Hudson, Arthur Treacher and Eugene Pallette.

One of the most important and impressive sequences in "Parnell," co-starring Clark Gable and Myrna Loy, and opening at the Catlow Theatre on Sunday, shows the arrival of Charles Stewart Parnell at Queenstown, now Cobh, in 1880.

Teaming Robert Young and Florence Rice for the third time, "Married Before Breakfast," comes to the Catlow Theatre on Tuesday. As Tom Wakefield, a care-free young inventor, Young, becomes enmeshed in a series of laugh-provoking adventures with Kitty Brent, played by Miss Rice, Barnett Parker, as Young's valet, is responsible for much of the comedy.

Double featured on Tuesday with "Married Before Breakfast," is "Californian," starring Ricardo Cortez and Marjorie Weaver.

The most famous cavalry charge in history is re-enacted in Warner Bros. "The Charge of the Light Brigade," starring Errol Flynn and Olivia de Havilland—which comes to the Catlow Theatre on Wednesday for one day only.

### The Old English Wig Stands

English wig stands were short turned wooden standards usually on a circular base and finished in a bulbous knob or mushroom-shaped top to support a wig or artificial head of hair. Others had triple-turned supports and tripod bases with a circular opening in the top to hold a bowl for powdering the wig.

## Fail To Call Election In 16th District

DuPage county was passed by last week when Governor Horner called special elections on Dec. 7, to fill vacancies in the 15th and 17th judicial circuits, but made no provision for an election to call such an election for the 16th district, Kane, Kendall, DeKalb and DuPage counties. The vacancy in this circuit has existed for one year, being caused by the lamentable death of Circuit Judge Max F. Allaben of Glen Ellyn, last August.

Judge Allaben was a Democrat, the other two judges being William J. Fulton of Sycamore and Frank W. Shepherd of Elgin. He was elected in 1933, in an "upset" that saw John K. Newhall of Aurora, a Republican, defeated for re-election.

It was naturally supposed that Governor Horner would call an election to fill the vacancy immediately. An effort was made to have such election coincident with that of the general election on Nov. 3, 1936. The election was not called on the assumption that sufficient time would not elapse between the call and the election to fulfill all legal requirements. It was then believed that the election would be held the following January or February. The statehouse, however, remained mute on this matter.

It developed that the Republicans desired such an election, and the Democratic high command in this circuit did not. It was shown that despite the defection of many Republican votes to the Democratic column, there was still a Republican majority in this district, and that in a two-way fight, the victory undoubtedly would be with the Republicans.

The vote for president in the four counties of this circuit on Nov. 3, 1936, was:

Roosevelt	Landon
DeKalb	7,899 9,826
DuPage	21,684 28,380
Kane	28,187 33,341
Kendall	2,374 3,138

This figures show that a Democratic candidate would have a tough race in this district.

### 383 Tax Complaints Filed In DuPage County

Investigation of properties whose owners have filed written complaints against 1937 assessments, was started this week by members of the Board of Review. Strangely enough, the number of complaints filed on Aug. 1, the deadline, or before, number 383, is exactly the same as the number of complaints filed last year.

There is a division between the real estate and property complaints, as follows: In 1937, 310 real estate owners filed complaints, while but 303 in the same class filed complaints one year ago. In 1937, there were 73 personal property complaints filed, while in 1936, there were 383 such complaints.

Last week, the office of the Board of Review filed and tabulated the complaints, and they are now ready for the Board of Review members to make their investigations.

### Zoning Board Issues 60 Building Permits

Building permits issued by the DuPage County Zoning board totaled 60 in July, the second highest mark recorded by that body during its existence. The high mark of 63 was set in May. Harold P. Duntun of Wheaton, chairman of the Zoning board, is authority for the statement that May shows more activity in the country regions controlled by the board than any other one month.

Activities in the building line indicate that there is an upward trend, due, perhaps, to the shortage of houses than to any other one thing. The Zoning board issues permits for buildings without the jurisdiction of municipalities.

The Zoning board is now compelling owners of all highway signs to remove them to a point 10 feet back of the lot line. Most of the highways are 66 feet wide, but there are four designated as super-highways, with a tentative width of 200 feet.

### The Booby Bird

A booby is a fish-eating sea bird of the gannet family found in most tropical seas. The name is said to have been given the bird by Portuguese sailors on account of its stupid habit of alighting on ships and allowing itself to be captured.

### Loop Theater News

All Balaban & Katz Theaters are perfectly cooled for your comfort.

**Apollo Theater**  
Robert Montgomery, Marion Davies in "Ever Since Eve."

**Garrick Theater**  
Erich Remarque's successor to "All Quiet on the Western Front," "The Road Back."

## Can We Plant More Trees?

### TREE REPLACEMENTS BADLY NEEDED

A recent survey of the tree-storage situation in Mt. Prospect disclosed the fact that it would take about 600 trees to replace the ones that have died and fill the vacancies that now exist. The Village Board has had several discussions on this vital matter, but it is of the opinion that local taxpayers would object to financing the replacement of trees by taxation or assessment.

At a recent special meeting of the Board, Mayor Besander announced that he had an offer on a wholesale lot of elm trees of 80c each—for 2 inch to 2½ inch trees. This price of course, is an exceptional bargain, yet it involves an expenditure of about \$480.00 plus having the trees planted. How, then to finance this necessary program that is so essential to the appearance of our town?

The thought has been expressed that a solicitation of each lot or home owner be made and orders taken for whatever number of trees are necessary. This, however, would not take care of the vacant lots. Someone has said there are enough public-spirited people in town that would contribute sufficient money collectively to put trees in the parkways of vacant lots. Maybe so. Another suggestion is to solicit public contributions for the general welfare of the town—but this course seems doubtful.

The REVIEW will welcome letters of suggestion from its readers on how to finance this program. If the people will express themselves, these suggestions can be offered to the Village Board and it will then know better how to proceed.

This matter may seem small and inconsequential to some people, but when it is considered that we are operating on a small budget to begin with—and are trying to make receipts go as far as possible—a matter of \$500.00 takes on some consequence.

Let's see how many suggestions can be sent in by readers of the REVIEW. Let's see how many residents have sufficient civic interest and civic pride in their town to offer a solution. Letters may be mailed to the REVIEW or dropped in the news boxes in Kruse's News Agency and the Drug Store.

### MOEHLING ADDS COMPUTING PUMPS

Another indication of improving conditions and better business, is the new computing pumps at "Eddie" Moehling's Uptown Service Station.

Eddie is doing quite a bit of remodeling around his station and says when he gets through he will have a completely equipped, modern service station with all of the thing-a-ma-jigs and what-cha-calls that go to make a first class service station.

## MOUNT PROSPECT

### INSTALLS NEW EQUIPMENT

A party was given last week at the home of Irene Landmeier for Miss Leona Maleske. It was a farewell to Miss Maleske and a hello to Mrs. George Shaw. Her wedding is scheduled for next Saturday and it is supposed to be a quiet affair. (But the question is, will it be?)

Mrs. Stanley Hoods, former resident of our town, was taken to the Presbyterian hospital last Friday for an emergency appendix operation, and at this writing is doing nicely.

Miss Chick Hauptli of Arlington Heights, classmate of many of the young people in town, was married on July 30, to a young man from Illinois University at Champaign where she also has attended the last two years.

Mr. and Mrs. H. Alton and baby, Robert Busse, and Elaine Bierman, are spending a pleasant vacation at Sylvan Lake.

Misses Bernice and Louise Benic had a grand time "yelling their lungs out" at the Cubs game last Friday.

The M. H. Jones family are having a hot time in Goodwill, Oklahoma. The peck of dirt we are supposed to eat, well they are getting it in dust form.

Mr. and Mrs. Edwin Ira Stevens have returned from a week-end trip to Fort Wayne, Ind., bringing with them their two children, Lucia Beth and Ralph, and Mrs. Stevens' mother, Mrs. Elizabeth Rhoads.

Mr. Fred C. Busse, our genial hardware store man, made an extended motor trip to the east, but he seems rather reluctant to give the details.

Mrs. L. C. Risberg's sister, Mrs. H. Evers and husband, are visiting in town, a few days of their vacation.

Had you noticed Herb Scheiner is sporting a new La Salle car? The next meeting of the Mount Prospect Masonic club will be held this Thursday, August 12, at 8:15 p. m., in the basement of the public school.

## WHEELING

Dr. and Mrs. H. A. Reid are away on a vacation trip to Canada where they will visit relatives.

Miss Adelaide Werner of California, visited at the Schminke home recently.

The Misses Janet and Edith Alais of Cincinnati, have been spending part of their vacation here with the Carpenters.

Miss Eileen Viesk of Steger is staying here with her uncle, Mr. Fred Moeller.

The Misses Marilyn Miller and Eloise Kruse are spending several weeks at a Y. W. C. A. camp at Hastings Lake.

Mrs. E. Kruse and daughter, Ellen Winifred, are away to Michigan, where Mrs. Kruse is assisting her sister in caring for her mother, who has been very low for several months.

### Wheeling Shield of Quality Store Celebrates Its 25th Anniversary

The Shield of Quality General Merchandise Store, is celebrating its 25th anniversary and remodeling grand opening with a special sale this week. Mr. E. J. Welflin, the proprietor, established himself in business in Wheeling, 25 years ago when he bought out Mr. J. A. Schminke. About 17 years ago he purchased the present location and moved his business into it on Nov. 11, 1919.

With continued confidence in the community, an extensive plan of remodeling the building and store equipment was carried out this spring and summer, making the store a decided asset to the community, both in appearance and capacity to serve its customers. To celebrate the completion of the work of remodeling and the 25th anniversary, the special sale, featuring both dry goods and groceries has been in progress this week, and has received a good response from residents of the community.

Winners of door prizes last Saturday evening, were Mr. E. Wenzlaff, Miss Betty Grandt, Miss Patsy Sullivan, Mrs. J. Sessous, Mrs. R. Fitzpatrick, Miss Rogalski and Mrs. F. Zollner.

Mr. and Mrs. Welflin appreciate the continued patronage of their many customers and hope to give improved service in the new store.

## PRESBYTERIAN CHURCH

Regular morning services of the church will be resumed next Sunday, Aug. 15.

Morning worship, 10:55 o'clock. The Rev. Donald Morrison, who has been called to the pastorate of the church beginning September 1, will supply the pulpit the remaining Sundays in August.

Sunday church school for all classes, 9:30 a. m.

### Metallic Titanium

Metallic titanium is lighter than iron, but not nearly as light as aluminum. It melts at about 3,250 degrees Fahrenheit, a temperature too high for convenience in casting and too low to make it useful as a lamp filament. It was hard, brittle, and crystalline and could not be drawn into wires or rolled into sheets. It was not particularly resistant to the action of corrosive chemicals.

## JEWELRY Watch & Clock Repairing

Genuine Factory Parts are used in all watch repairing over at the Richert Jewelry Store.

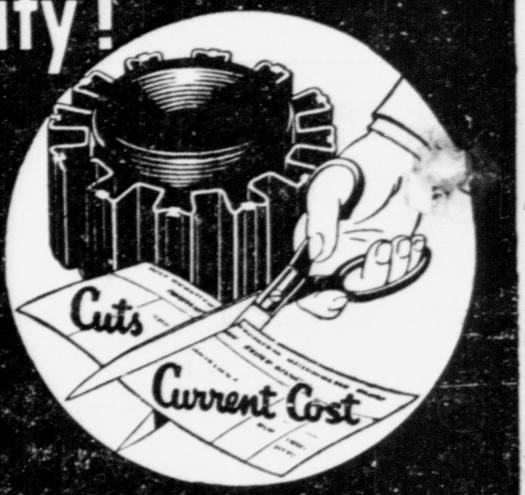

That's Assurance of Permanent Work
